

SHIELDED

# SYRINGE CARRIERS

*Two sizes, each offered in .125" and .25" lead shielding for added protection.*

Shielded Syringe Carriers reduce exposure while storing or transporting radioactive material. The overlapping lid design with snap-latch closure prevents streaming. There are two sizes and thicknesses of lead to choose from. The ends of the carriers are double thick to reduce the exposure from the ends of syringes.

- 001-179 Syringe Carrier, Large, .125" lead .....\$180.00
- 001-180 Syringe Carrier, Large, .25" lead .....230.00
- 001-181 Syringe Carrier, Small, .125" lead .....180.00
- 001-182 Syringe Carrier, Small, .25" lead .....230.00

Prices subject to change without notice.

**SPECIFICATIONS:**

**001-179 Shielded Syringe Carrier, Large**  
**Dimensions:** 4.4" l x 9.5" w x 3.5" h (11.2 x 24 x 8.9cm)  
**Lead Shielding:**  
    **Sides, top and bottom:** .125" thick (.32 cm)  
    **Ends:** .25" thick (.64 cm)  
**Weight:** 11.7 lb (5.3 kg)

**001-181 Shielded Syringe Carrier, Large**  
**Dimensions:** 4.4" l x 9.5" w x 3.5" h (11.2 x 24 x 8.9 cm)  
**Lead Shielding:**  
    **Sides, top and bottom:** .25" thick (.64 cm)  
    **Ends:** .5" thick (1.3 cm)  
**Weight:** 18 lb (8.2 kg)

**001-181 Shielded Syringe Carrier, Small**  
**Dimensions:** 3.4" l x 9.25" w x 2.6" h (8.6 x 23.5 x 6.6 cm)  
**Lead Shielding:**  
    **Sides, top and bottom:** .125" thick (.32 cm)  
    **Ends:** .25" thick (.64 cm)  
**Weight:** 6 lb (2.7 kg)

**001-182 Shielded Syringe Carrier, Small**  
**Dimensions:** 3.4" l x 9.25" w x 2.6" h (8.6 x 23.5 x 6.6 cm)  
**Lead Shielding:**  
    **Sides, top and bottom:** .25" thick (.64 cm)  
    **Ends:** .5" thick (1.3 cm)  
**Weight:** 8 lb (3.6 kg)
